

## PORTFOLIO

# Covid-19 Mobile App

*for Castor*

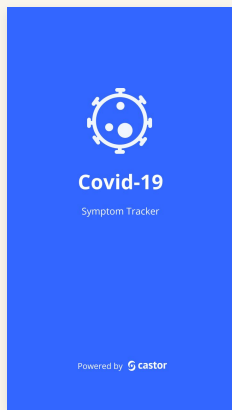

As part of our rapid response to the Covid-19 pandemic we decided to quickly build a launch a symptom tracker for Covid-19. I designed the award winning mobile app, and we built it inside 2 weeks.

# Sign up, consent, and baseline designs

Hi there!

We're seeking healthy volunteers willing to participate in COVID-19 research.

By recording simple daily updates on your wellbeing, you'll be providing vital data that medical researchers can use in the fight against COVID-19.

[Get Started](#)

## Connect Your Account

To connect your account, please enter the 6 digit code sent to your email address, or scan the QR code using the button below.

ENTER YOUR 6-DIGIT CODE

OR SCAN QR CODE

## Confirm Your Eligibility

Please check the boxes below to confirm your eligibility to participate.

- I have not tested positive for COVID-19
- I have not had a fever above 38°C (100°F) in the past two weeks.
- I am not currently experiencing a persistent dry coughing or shortness of breath.

[Continue](#)

## Consent

The purpose of this application is to track your symptoms and provide information to medical research.

Your data will be securely stored on servers belonging to [Castor EDC](#), the Netherlands leading medical research technology company.

- I have read, and understand, the above statement.

YOUR FULL NAME

Bob Burnquist

DATE OF BIRTH

1 0 1 0 7 6

SIGNATURE [Clear](#)

Please use your finger to enter a digital signature in the box below.
